

About us

We are a non-profit foundation that was established in 2021 by the shareholders of the Trützschler Group.

With the Trützschler Foundation, we underline our social commitment and our special value orientation, which has been firmly anchored in Trützschler's DNA as a family business for over 130 years.

Our Goals

Our goal is to support children and young people in the following areas to provide them with opportunities and guidance for the future:

- learning and education
- sport and exercise
- science and research

Our Approach

As a supporter and companion, we sponsor education and research-related projects as well as sports activities for children, adolescents and young adults, regardless of their background. We implement our projects together with partners and local people.

Funding

As long as a new project meets our statutory purposes, funding can be applied for at any time. You can download all detailed information on our funding guidelines and the Foundation's statutes on our website.
